Experience

GetSpike AI - Bengaluru, India

Jan 2026 – Present

Software Engineer Intern - JavaScript, AWS (Lambda, EC2, S3, SQS, DynamoDB), Docker, LocalStack

- Engineered a **fully automated blog generation pipeline** integrating a recommendation system that suggests content types to clients, extracts templates from existing blog pages and generates new blog pages using **LLM**.
- Developed a **LocalStack-based test runner** for reliable local testing and migrated automation workflows to **AWS-based server infrastructure**, enabling scalable, centralized execution and improving deployment reliability.

Goldman Sachs - Bengaluru, India

May 2025 – Jul 2025

Software Engineer Intern (Summer Analyst) - Python, LLM, Multi-Agent Systems, LangGraph, LangChain

Certificate

- Built an Agentic AI system using **LangGraph and LangChain** to automate non-deterministic workflows, leveraging **Single-Agent, Multi-Agent Router and Supervisor architectures** for parallel execution and scalability.
- Optimized large-scale processing of **10K–15K row datasets** using data chunking, and conducted **cost and time analysis** with a token usage tracker to enable accurate estimation for future large-scale deployments.
- Improved reasoning and performance** using advanced strategies (**Chain-of-Thought, ReAct, Reflexion**) with tool-segregated agents, reducing hallucinations, enhancing accuracy, and saving **4–5 hours** of daily manual effort.

Technical Skills

Languages: C++, JavaScript, Python, SQL

AI & Agents: LangGraph, LangChain, ReAct Agents, Tool Binding, Multi-Agent Systems, Pandas, LLMs

Concepts: DSA, Operating Systems, OOP, Database Management Systems, Computer Networks, System Design

Backend & DB: Node.js, Express.js, FastAPI, REST APIs, JWT, Nodemailer, MongoDB, MySQL, DynamoDB

Technologies & Frameworks: AWS (EC2, Lambda, CloudWatch, SQS, S3, DynamoDB, IAM), Docker, LocalStack, Linux, CI/CD, Git & GitHub Actions, Bash Scripting, Burp Suite, React.js, Next.js, Redux, Tailwind

Education

Indian Institute of Technology (ISM), Dhanbad

May 2026

B.Tech- Department of Mechanical Engineering (MME) (CGPA: 8.13 / 10.00)

Dhanbad, Jharkhand

Projects

CineHub | Next.js, Node.js, Express.js, MongoDB, Redux, Razorpay Payment

GitHub

- Engineered a scalable OTT platform supporting **real-time video streaming**, secure JWT authentication, and **Razorpay-based payments**, with features like **subscriptions**, wishlist tracking, and OTP-based recovery.

TempShell | Docker, Python, FastAPI, MySQL, React.js

GitHub

- Developed **TempShell**, a secure and scalable platform for isolated temporary shell access, achieving **<200ms container startup time** and implementing **JWT-based authentication** with MySQL-backed user management.

Multi-Agent SEO & GA System | Python, Pandas, FastAPI, Google Sheets API, OpenAI/LLM

GitHub

- Orchestrated a Multi-Agent architecture that integrates specialized SEO and GA agents behind a single endpoint, delivering accurate, Python-validated analysis powered by LLMs from dynamically changing live Google Sheets.

Achievements

- Secured **2nd rank** in **Spike AI Hackathon 2025** by building and shipping LLM-powered Multi-Agent system.
- Competitive Programming:** Codeforces Specialist (1504), Leetcode Knight (1855), Codechef 4 Star (1839).
- Solved **1300+ problems** across all the Coding Platforms: Codeforces, Leetcode, Codechef, CSES, GFG.
- Winner** of Winter of Code 5.0, a hackathon hosted by Cyberlabs, among **700+ participants**.
- Secured **2nd runner-up** position in college's internal hackathon for **SIH 2023**, competing against 150+ teams.
- Achieved **2nd Rank in PragyantCTF**, a Capture the Flag event conducted by NIT Trichy, among 500+ teams.

Positions of Responsibility

Organizing Team Member: PearlCTF 2024 & 2025, Organized a world-level cybersecurity competition by Cyberlabs, IIT (ISM) Dhanbad, featuring diverse challenges (Web, Forensics, Crypto, Rev, OSINT) and engaging **2500+ global** participants.

Organizer (Concetto 2023): Organized Trailblaze, an intra-college CTF event with 600+ participants, by Infosec.

Member: Cyberlabs (Infosec Division) - Data & Software Technology Club of IIT(ISM) Dhanbad.
